Children Give Blood To Aid Fight On Dread Disease

Serum Will Be Made in City Laboratory.

Seven children who have had infantile paralysis, known medically as acute anterior poliomyelitis, were voluntary patients in the clinic of the Children's Hospital, Tuesday, to have blood extracted from their veins. The blood is to be used in the laboratory of the City Health Department to make convalescent serum for the treament of infantile paralysis.

The delicate operation of extracting the blood from the children was performed by Dr. Charlotte Wiedemer, who donated her services. It was estimated that the time for all the operations would total about two hours.

After the operations the blood will be transported to the City Hall, where Dr. Otto Bohrer, city chemist, will make the serum. The process will take about a week.

Dr. Owen C. Fisk, acting city health commissioner, who arranged for this program, stated that he wanted to assure the people of Cincinnati that there was no danger or idea of an epidemic of infantile paralysis here. He said there are only a few cases of this disease in Cincinnati at the present time and they are the usual seasonal occurrences in summer. Dr. Fisk explained that the Cincinnati Health Department was the only place in southern and central Ohio that possesses this serum. The stock of serum is almost exhausted and three or four years old, and the purpose of the operations Tuesday was to replenish the supply.

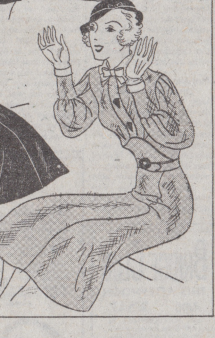
The Lawton Company
Cincinnati's French Shop

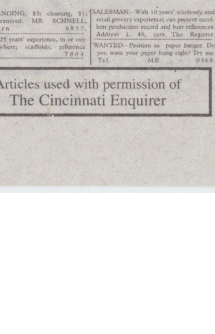
KNITTED FOOTBALL FASHIONS

WE BELIEVE in warm little woolen dresses and woolen dresses that are dressy—with bright silk collars for instance—to wear after the game too! Illustrated are but a few of many clashing, wearable fashions in our Sports Shop.

Novelty knit with contrasting shirred silk collar and bow. Beige with green, grey with red and brown with green.
25.00



Schiaparelli's cord-knit wool with soft draped silk jersey collar. Contrasting suede belt. Black, brunette, green or brown.
30.50



Rabbit's hair dress with new shoulder width and high bodice line. Detachable white pique collar and cuffs. Brown, black, wine or green.
12.50

A Used Car Shortage Is Probable

According to well-informed men in the business. These men point to the fact that dealer stocks are lower than they have been in years. They also state that many cars that have been driven for a much longer period of time than in former years are beginning to wear out. That will mean an increased demand before many months. Such a condition is bound to increase prices and lower the standard of the Used Cars offered for sale in the months to come.

If you expect to be in the market for an automobile soon, better save money and buy NOW. It's easy to find just what you want. These columns bring you the offers of a majority of Cincinnati dealers every day. A few minutes spent reading these pages will locate just the car you want.

Janitor's Tip $50 For Finding $510; Helps Buy A Home

Kansas City, Mo.—(AP)—August Jacobsen, 67 years old, laid aside a broom just about as big as he is and fished out of his dust pan today what might have been a half-smoked cigar or a tightly rolled cigarette package.

Meanwhile, in another part of the Kansas City Union Station, Al Butler, of Chicago, a representative of the Ringling, Barnum & Bailey Circus, drew a nervous hand from an empty pocket and raised his voice in dismay.

The object in Janitor Jacobsen's dust pan proved to be five $100 bills and a $10 bill, a rubber band around them. They also proved to be Butler's whereupon $50 became Jacobsen's because, said Butler, "He's an honest man."

Jacobsen, who once went on a railroad pass to see Los Angeles and (you have the word of Station Master Bell, of Kansas City) never left the railroad station, where he studied the methods of its janitors, doesn't plan another trip. He is recently back from New York, where he spent a vacation watching the janitors at the Pennsylvania Station.

"This $50 is going to help pay for my home," he said, picking up the mighty broom and adjusting his janitor's cap.

Budget Is Increased

Hollywood—(AP)—An increase of $5,000,000 over last year in the production budget for Warner Brothers' Studios was announced today for the year beginning September 1, by Jack Warner, Vice President in charge of production.

"Our plans for the coming year call for the production of 60 feature pictures and 131 two-reel pictures," said Warner.

"We are confident that the nation and the rest of the world are headed for greatly improved business conditions during the coming year and we feel the motion picture industry is going to benefit by the general improvement."

August 15, 1934

President Is To Speak To Women Of Nation, By Radio, October 7

New York—(AP)—President Hoover, it was announced tonight at Republican Eastern headquarters, will address the women of the nation on Hoover Day, October 7, in a country-wide radio broadcast.

In making the announcement, Mrs. Arthur L. Livermore, Chairman of the women's division of the national committee, said:

"Hoover Day in the last campaign was so successful, after having been originated in New York state and copied elsewhere, that even greater interest in such a day has been manifest this year.

"Already plans have been set in motion for various forms of observance. Some women are to give musicals in their homes preceding the broadcast, others are arranging luncheons. The largest number of groups to gather around the radios on Hoover Day will be composed of women who are already organized to work for the unemployed."

Another statement, from former Representative Benjamin Fairchild, Republican, New York, said in part:

"One of the encouraging things about the presidential campaign to date is that Governor Roosevelt insists upon making speeches.

"He is compelling the public to see his insincerity and wabbling, and if he only keeps on talking he will talk himself out of his following.

"I am certain of the reelection of President Hoover, and the reason is that the evil of the depression is in sight.

"Republicans will win in New York because times are better right now in New York."

The Depression from a Kid's Eye View

by Margaret Mildred "Kit" Kittredge

I have met some hobos, and they are not all the same. Every hobo has his or her own story. Some hobos chose a wandering life. Some people are hobos because they lost their jobs and their homes and have nowhere to go. Some hobos are grown-ups, some are young people, and there are even hobo families with little children. Though they all have different reasons for being on the road, I think all hobos hope the road they're on will lead them to better times. But it is a long, hard trip, and they have nowhere to stay on the way. I think they deserve our help, sympathy, and compassion.

Hobo life is especially hard on children. They are often hungry and cold. Their coats and shoes are worn-out and outgrown. It would be a big help if people donated coats and shoes for children to soup kitchens and missions. It would show the children that we care about them, and that would give them hope. It would give all of us hope, too, because it would be a change for the better. Sometimes hope is all any of us, hobos or not, have to go on.
